

How to access CMS on your iPhone or iPad

Unlike Android or Windows devices, CMS requires the **Photon Flash** app for it to operate on an Apple iOS device (iPhone or iPad).

You can purchase the Photon Flash app in the Apple App Store; Price \$3.99-\$4.99

Just follow the steps below and you will then be able to access CMS on any of your iOS devices:

1. From the app store, Install the Photon Flash app on to your iOS device
2. Tap the Photon Flash app icon
3. Enter cms.svdpgorgia.org and bookmark it; ignore the "Don't have Flash" message
4. Tap the "Get Flash" hyperlink
5. When the app comes up, tap the download button
6. Tap the lightning bolt icon on the top right of your screen; then tap your bookmark

From this point on, ignore the "Don't have Flash" message and tap your bookmark
